Australian Council For International Development

ACFID Membership

The Daughters of Our Lady of the Sacred Heart Overseas Aid Fund has been a signatory of the ACFOA Code of Conduct since 2003 and of ACFID since 2005. ACFID is an independent national association of Australian non-government organizations (NGOs) working in the field of international aid and development.

ACFID Code of Conduct

The ACFID Code of Conduct defines standards of best practice for international development organizations and represents the active commitment of its signatories to conduct their activities with integrity and accountability.

The Code aims to enhance standards throughout the NGDO community to ensure that public confidence is maintained in the way that community contributions to overseas aid are used to reduce poverty through effective and sustainable development.

Overseas Aid is committed to the ACFID Code of Conduct and to the Code's Complaint Handling Process. Please direct any complaints to Overseas Aid by phone, letter or email.

integrity* values*
Accountability*

The Daughters of our Lady of the Sacred Heart Overseas Aid Fund is a member of the Australian Council for International Development (ACFID) and is a signatory to the ACFID Code of Conduct. The Code requires members to meet high standards of corporate governance, public accountability and financial management.

More information about the ACFID Code of Conduct can be obtained from Daughters of our Lady of the Sacred Heart Overseas Aid Incorporated and from ACFID at:

Website: www.acfid.asn.au

Email: code@acfid.asn.au

MINUTES OF THE COMMITTEE OF MANAGEMENT OF THE DAUGHTERS OF OUR LADY OF THE SACRED HEART OVERSEAS AID INCORPORATED

HELD AT OLSH PROVINCIAL HOUSE

ON TUESDAY 19 APRIL 2011

Present	Apologies
Mary Lloyd	Bill and Joyce Barry
Eileen Phillips	Kathleen Donohoe
Maree Hinton	Deidre Grusovin
Sr Elizabeth Taylor	Sr Maureen Brazel
Sr Elaine Cochrane	Vince McGuinness
Sr Marlene Dewar	Gloria Gallaher
James Evans	Val McKinnon
Sr Jenny Christie	Laurie Brereton
Lilyan Staniforth	Tricia Kavanagh
Sr Pauline Compton	Fr Adrian Meaney
Michael O'Dea	
Sr Jennifer Kirby	
Barbara Davis	

WELCOME / PRAYER

The President, Michael O'Dea, opened the meeting at 5.15. He welcomed all present and thanked them for attending, especially Sr Marlene Dewar from Papua New Guinea and the two new councillors, Sr Elizabeth Taylor and Sr Elaine Cochrane. Sr Jennifer Kirby commenced the meeting with the hymn "Touch the Earth" and a prayer.

APOLOGIES

Apologies were noted and received, as in the table above. It was noted that Bill Barry is in hospital and a card was passed around to be signed and will be sent to him.

MINUTES

The Minutes of the 2009 Annual General Meeting, held on April 27 2010, having been circulated to the members prior to the meeting, were tabled and taken as read. An amendment was made altering Laurie Kavanagh to Laurie Brereton in the apologies. It was moved by Sr Elizabeth Taylor that they be accepted as an accurate record of the meeting. All members agreed.

ANNUAL REPORT

The Annual Report was tabled and read by Barbara Davis.

FINANCIAL REPORT

Mr Jim Evans, an Accountant and Honorary Auditor, tabled the Financial Report.

He noted that income has decreased from the previous year, but more has been distributed. Jim thanked and congratulated Barbara on her clear bookkeeping.

Mr O'Dea responded by saying he considered it a great privilege to have been associated over the last twenty years with the OLSH Overseas Aid Fund. He spoke about the satisfaction that all should feel being part of the work of the Sisters through the funding of the projects.

The motion was moved by Michael O'Dea and seconded by Maree Hinton that the Financial Statements be signed as an accurate record of the position of the Overseas Aid Fund. The motion was accepted by all present.

PRESENTATION BY SR MARLENE DEWAR

Sr Marlene Dewar spoke of her work in Veifa'a in Papua New Guinea where she is the principal of St Gerard's School of Nursing. Veifa'a is four hours from Port Moresby, and the students are trained to be able to attend to any emergency as there is virtually no other medical help available. For serious cases, the patient is taken to Port Moresby, where OLSH has a house that can accommodate patients having treatment.

Sr Marlene spoke of the high levels of arsenic in the river and ground water of the area, and the associated health problems created by this. They are installing as many water tanks as possible to ensure fresh clean water is available.

She spoke of the need for more accommodation and training facilities at the Nursing School as the maternal death rate is the highest in the Asia-Pacific region, and more students need to be trained.

APPOINTMENT OF COMMITTEE MEMBERS AND OFFICE BEARERS

The following were appointed to the Committee:

Bill Barry
Lilian Staniforth
Sr Jenny Christie
Sr Pauline Compton
Maree Hinton

After acceptance of nomination, the following were re-elected as Office Bearers:

Mr Michael O'Dea:	President
Sr Jenny Kirby:	Vice President and Secretary
Mr Bill Barry:	Treasurer
Mr Jim Evans:	Honorary Auditor
Barbara Davis:	Executive Officer

OTHER BUSINESS

Fundraising Ideas discussed:

- o Encouraging bequests – it was noted that there has been a couple of requests during the year for information about including a bequest to the OLSH Overseas Aid Fund in wills.
- o It was noted that the Christmas card idea was good.
- o OLSH Mission Sisters speaking at masses – such as Sr Marlene - when they are on holidays. It was noted that often the sisters are not in good health when they are at home and this needs to be taken into consideration.
- o Maree spoke about the Ex-Students Association. A reunion is planned for May.
- o OLSH Schools – It was noted the hard work done by Sr Jenny Christie in the schools inspiring the students to fund-raise.
- o The idea of Overseas Aid newsletters being sent home online with OLSH School newsletters and Ex-Students Association twice a year. Sr Elizabeth Taylor is to ask at Bentleigh and Sr Jenny Christie at Kensington. Maree to investigate the possibility of sending KIT online to Ex-Students if they have email addresses. Sr Elizabeth Taylor will design something for KIT encouraging people to ask for donations rather than presents when having a special birthday party.

Michael O'Dea thanked everyone for their attendance and closed the meeting at 6.30pm. Members were invited to refreshments which followed.

Statement of the Goals and Objectives of Daughters of Our Lady of the Sacred Heart Overseas Aid Incorporated Fund

The objectives of Our Lady of the Sacred Heart Overseas Aid Incorporated Fund are:-

- a) to provide for the relief of persons in countries which are, for the time being, certified by the Minister for Foreign Affairs to be Certified Countries ("Certified Countries") pursuant to the provisions of the Income Tax Assessment Act, 1997, and, without limiting the foregoing, to include relief of persons in Angola, Burkina Faso, Kiribati, Papua New Guinea, Philippines, South Africa and Sudan.
- b) Pursuant to objective (a) and, without limiting its generality, to provide aid in the following manner:
 - i) by the relief of persons in necessitous circumstances in Certified Countries;
 - ii) to provide education for persons in necessitous circumstances in Certified Countries;
 - iii) to provide accommodation for persons in necessitous circumstances in Certified Countries;
 - iv) to provide food and sustenance for persons in necessitous circumstances in Certified Countries;
 - v) to establish and/or construct schools and/or teaching institutions for the purposes of educating persons in necessitous circumstances in Certified Countries;
- c) To assist in the funding of relief and development work carried on by the Religious Sisters known as the Daughters of Our Lady of the Sacred Heart in Angola, Burkina Faso, Kiribati, Papua New Guinea, Philippines, South Africa and Sudan.

The main thrust of the work of the Fund continues to be in education, health care, and social and community development. From time to time we are asked to respond to other needs but these are temporary and directed to providing only urgent, short-term aid. Our support for education, health care and development are normally on a continuing, long-term basis.

Since the establishment of the Fund it has been our consistent objective to encourage and promote self-help programs which aim to improve people's general standard of living and help establish for the local people a life-style more worthy of their human dignity. We continue to espouse the following goals:

- provision of a basic standard of living
- care of children and the elderly
- empowerment of women and other vulnerable groups
- elimination of hunger through sustainable agricultural development
- encouragement of individual and communal self-help projects

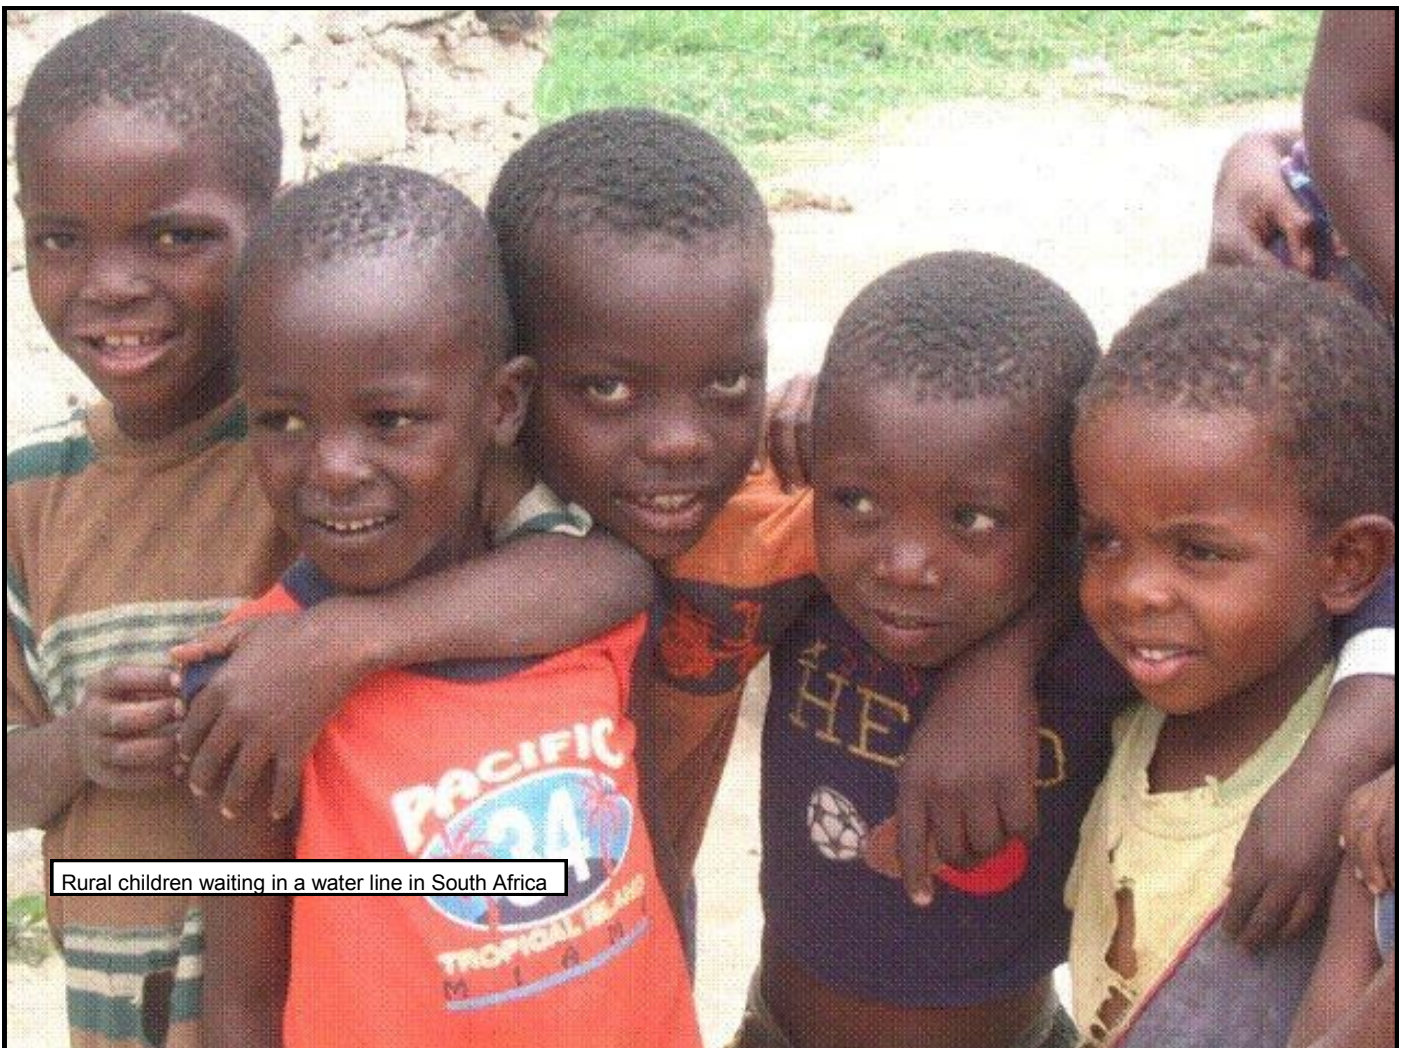

In this way we aim to create a greater solidarity with and empowerment of the local people by the sharing of our resources for their betterment and ultimate self-sufficiency.

OLSH Sisters working in South Afri-

COUNTRY BY COUNTRY PROJECT SUMMARIES

- South Africa
- South Sudan

Rural children waiting in a water line in South Africa

Angola

Literacy and Education

OLSH Sisters involved:

- Sr Susan Ilustrisimo fdnsc
- Sr Herberta Sarkol fdnsc

The aim of this project is to educate young women in the remote area of Cazombo in Angola, thereby giving them greater life choices. Few girls in this area of Angola acquire more than basic primary education.

In 2008 a boarding facility with a capacity for forty girls was constructed. Since then OLSH Overseas Aid has contributed to the costs of accommodating girls from as far away as 260kms, educating them in Portuguese language, as well as reading, writing and numerical skills.

Non-boarders are also offered non-formal education in the areas of:

- Portuguese lessons
- Home management and domestic training, such as cooking and sewing
- Instruction in health, sanitation and hygiene
- Simple basic mathematics
- Training for micro-business management in areas such as:
 - Buying and selling fish and other products from the community
 - Candle making using local materials
 - Animal raising

Achieving a basic education with vocational and skills training helps the girls become economically stable, respected citizens.

Burkina Faso

Resources for Zagtouli Pre-School

OLSH Sister involved: Sr Dain Inglis

Zagtouli pre-school on the outskirts of the Burkina Faso capital Ougadougou in Western Africa has been finished, partly from previous Overseas Aid donations. Part of the profit from the sale of 2011 Canberra Rotary Club calendars was sent to the pre-school to provide much-needed resources for the school.

Kiribati

Education

- **Computers for St Patrick's College, Betio**—Sr Margaret Sullivan reports that the school's computer resources are now competitive and up to date, facilitating students' improved academic standards.
- **Computers, Printers and a Photocopier**—Sr Rosemary Tonginako. This equipment has been funded for the vocational education of young women not in school.
- **Upgraded dining room at Immaculate Heart College in North Tarawa**—Sr Margaret Sullivan. This project was started in September 2011 and completed in January 2012. Construction materials—corrugated iron, supporting timber, nails and paint—were obtained from South Tarawa and were then transported across the lagoon to the College. The work was completed by skilled carpenters employed at the school. The dining room is now spacious and clean. There is no longer the danger of iron dust falling from above.
- **Staff Housing at Sacred Heart High School**— Sr Margaret Sullivan. The construction was carried out by qualified tradesmen from materials available locally. The completed facilities enabled three expatriate volunteer teachers to settle in well within the school compound. More facilities will be needed as the school expands.

Health

Alcohol Awareness Programs and the Family Recovery Centre— The Community Policing Unit is responsible for patrolling teenagers roaming around behaving badly and has contributed to the increase in the number of people enrolling in the eighteen three week courses in alcohol awareness in 2011. The CPU and AAFR work closely together. AAFR members visited prisons and support was given to young people affected by alcohol abuse in their families. Sr Rosemary reports that young people with alcohol and other family problems are becoming aware of the Centre and are making use of the services provided.

Community Care

OLSH Crisis Centre for Women and Children

One very generous Overseas Aid donor enabled this important project to be funded in 2011. Women and children affected by violence in the home were given refuge. Our financial support provided infrastructure: bathrooms, laundry, toilets, storeroom, storage cupboards. A table, chairs, cradles, mattresses, sleeping equipment, clothes and food were provided, as well as computer equipment and internet access. Solar panels for night-time outdoor security lighting were installed.

A Kiribati Sister outside one of the volunteer staff houses funded by Overseas Aid.

Papua New Guinea

Education

St Gerard's Community Health Worker Training School at Veifa'a PNG Building Fund

Sr Marlene Dewar reports: This training facility, about four hours drive from Port Moresby, has been training health workers since 1968. Eighty five percent of the population of PNG lives in remote rural villages. Community health workers are trained to work in these remote areas. They have to deal with any health emergencies as well as routine health problems and deliveries. There is often a two day or more walk to get their patients to a bigger health facility. The training is competency based. There were sixty six students in training in 2011. During the year the students were working in the villages to improve community health for several weeks.

The present accommodation areas and classrooms are not big enough for the increasing numbers of students. The government is willing to open more community health posts in the remote areas as many communities do not have a health worker.

Any funds donated are supplemented by government funding.

Ametur House—Port Moresby

Many rural people in the southern region of PNG who are affected by HIV/AIDS rely on Ametur House which opened in Port Moresby in 2007 to help care for families affected by the virus. The previous source of funding—the Clinton Foundation—had stopped due to a change of focus and in 2011 OLSH Overseas Aid was able to contribute to keep the facility running.

Students of St Gerard's School of Nursing with their Bishop.

Philippines

Education

Tutorial Program in Matantubig—Quezon City

This program is intended to help primary school children who are having difficulty with reading comprehension, English, mathematics and science. In 2011 tutorial classes were given to children from Grades 1 to 6. The tutorials are held in the afternoon after school for an hour or two a week. Music and Art workshops are also provided.

Health

Nutrition Programs:

- Marigondon—This is an ongoing program. It involves initial weighing of vulnerable pre-school children aged 1 to 6, regular supervised nutritious meals prepared by parents, nutritional supplements where necessary, basic health and nutritional education and assessment of progress.
- Matantubig, Quezon City—Similar to the Marigondon program, established in 2010.
- Surigao—A similar program to that established in Marigondon established during 2011.

OLSH Clinic Marigondon

This is an ongoing project supported by two very generous donors. A volunteer doctor is available for free consultations of children and the elderly three days a week, and pre-natal care and a midwife are available. Supplies of essential medicines, medical supplies and equipment are provided.

Community

Pig-raising Programs

Selected vulnerable families on Bantayan and Malapascua Islands were provided with piglets, specialized pig food and nutritional supplements, and supplies for building breeding sheds. The families raise the pigs, selling some while retaining enough to enable their small business to grow. One donor in particular has been very active in promoting these projects.

Pig raising Project

Images of the 2011 Matantubig Nutrition and Tutorial Programs

South Africa

Ametur Project

In 2011 a major focus of the Ametur Project was to employ a qualified young South African woman at the Skills Centre to teach sewing skills to young women. They sold the garments on a commission basis, which encouraged them to produce quality products. As well, 76 young women were sponsored to return to secondary school after having children. A crèche is provided to care for the young children. The very poor are also supported by this project, having food and fares provided on completion of gardening or cleaning work.

Holy Family Care Centre—Sr Mary Stevens

The Holy Family Care Centre in Ofcolaco accommodates 70 orphaned children, many HIV+ and suffering from AIDS and their carers. In 2011 Overseas Aid provided the funds for extensive paving, leading to a reduction in dust in the area and providing a safe and pleasant area for the children to play. A living allowance for a nurse volunteer was also provided. Her contribution to the well-being of the children is very positive.

Bakhita Village—Sr Lorraine McCleary

Bakhita Village in Dwars River accommodated 27 primary girls and 18 secondary girls in 2011. The ongoing expenses of food, accommodation, school fees, educational resources, maintenance and upgrading of the facilities was contributed to by Overseas Aid. Support to Zimbabwean refugees was also provided. Much more upgrading is needed. Bakhita Village celebrated its 10th Birthday in March 2012. See photo below.

Ave Maria Pastoral Centre—Sr Jane Dalton

In 2011 the Ave Maria Pastoral Centre in Mooketsi provided employment and skills training in building, gardening and fencing for unemployed local men and Zimbabwean refugees. Overseas Aid contributed to these costs as well as providing essential resources for the center's development programs.

OLSH Clinic—Sr Anne Wood

The Sacred Heart Clinic in Nzhelele provides regular treatment for more than 70 patients, as well as supporting daily patients and children at the drop-in centre. It is an isolated area and Overseas Aid helped contribute to security fencing and shade-cloth for the protection of patients waiting in the heat.

South Sudan

Education—Sr Philippa Murphy, Sr Mary Batchelor, Sr Wendy Violet

- Comboni School Building Project Stage 3— 8 classrooms have been built in the secondary school.
- Primary Education—Basic furniture has been funded for new classrooms, food and clothing for the very poor.
- Secondary Education—Teaching resources and equipment such as calculators, science equipment, text books following the new South Sudan syllabus, resources to support the Kenyan section of the syllabus.
- Computers— Additional computers were purchased and teachers trained in their use, textbooks have been downloaded.
- School Uniforms for internally displaced secondary students who arrived with nothing.
- Adult Education—Classes have been offered to 180 women and men and resources have been purchased.
- Teacher Training Primary and Secondary—Two local candidates have been sent to Uganda to enroll in distance education teacher training. Support has also been given to three teachers studying for a Certificate in Teaching.

Health—Sr Mary Batchelor, Pauline Carr, Anne Jackson

- Solar Fridge for Mary Immaculate Hospital— The immunization program for the under 5s (against the 6 main childhood infectious diseases) was able to resume after the replacement of the old kerosene fridge.
- Medicines for Mary Immaculate Hospital—Medications to help the hundreds of poor sick in the area.
- Medical Supplies for Mary Immaculate Hospital—as purchased via the website: stethoscopes, thermometers, baby blankets, linen, mattresses, pillows, walking frame, walking stick, upgrade of plumbing.
- Nurse Training— Two students are doing the Clinical Medicine/Public Health Diploma— In 2011 one completed first year and one second year of the three year course. Three students are doing Community Nursing Certificate Course. Academic fees are being paid for the final two years of a four year Degree in Business Administration.

Community

- Mapuordit Emergency Special Appeal— A special appeal by Sr Mary Batchelor to support hundreds of internally displaced Sudanese around Mapuordit because of tribal conflict led to the provision of basic housing, food and utensils for these people.
- Maintenance of Vehicle for Outreach Services—A Landcruiser is used to access supplies at a nearby town and to deliver food and supplies to the displaced people during the year. Overseas Aid helped with the maintenance of this vehicle.
- Support for Poor Women and Children—Up to 300 poor and blind people who come to the compound for help have been supported.
- Volunteers' Compound Clean Water Project—A new tank and pump has been purchased.

2011 GRANTS

ACKNOWLEDGEMENTS

Due to everyone's generous contributions, the OLSH Overseas Aid Fund continues to make positive changes in the lives of poor and disadvantaged children, women and their communities. A special thanks is given to those listed below:

Major Benefactors

During the course of 2011 large donations were received from:

- The Beswick Foundation
- The Adservio Foundation
- Paul and Therese Compton
- Janice Malouf
- Advance Transport Services
- Anthony Fitzsimmons
- Stacks—The Law Firm
- Liberty International Underwriters

OLSH Overseas Aid would like to especially thank these benefactors for their generosity towards our Missions.

Fundraisers

- Friends of Sr Philippa Murphy organized a fundraising event at Brigidine College early in 2011 raising approximately \$40000.
- Fr Ashton at Sacred Heart Parish donated his Lenten contributions to Sudan, raising approximately \$10000.
- Sr Mary Batchelor's Special Appeal for the Internally Displaced People in South Sudan raised approximately \$60000.

Mapuordit Hospital Donors

During 2011 the many contacts of volunteers Pauline Carr and Anne Jackson, as well as other donors, donated:

- Approximately \$16000 for Nurse Education
- Approximately \$20000 for equipment for the hospital.

Schools

OLSH Overseas Aid is very appreciative of the support given in 2011 by the schools listed below.

Name of School	Amt Donated	Area
Our Lady of the Sacred Heart College, Kensington	\$8200	Philippines
Our Lady of the Sacred Heart College, Benteleigh	\$2818	Sudan
St Therese Primary School, Mascot	\$2800	Burkina Faso, S Africa
Frensham, Mittagong	\$2500	South Africa
Our Lady of the Sacred Heart College College, Elmore	\$1597	Sudan
St Clare's College, Waverley	\$1196	South Africa
St John the Baptist Catholic School, Woy Woy	\$633	South Africa
Our Lady of the Annunciation Catholic School, Maroubra	\$471	Papua New Guinea
Darra-Jindalee Catholic School, Darra	\$404	Sudan
Marionville High School, Boroko PNG	\$346	Sudan
Croxton Special School	\$209	Philippines
St Ursula's College, Kingsgrove	\$100	General
Xavier Catholic College, Hervey Bay	\$80	South Africa
St Dominic's Priory College, North Adelaide	\$25	General

Volunteers

Grateful thanks are due to the many volunteers who work in our Missions, especially Pauline Carr and Anne Jackson in South Sudan and Fran Hewitt in South Africa. Their help is greatly appreciated by the Sisters and by the people in the countries in which they work.

Periodic and Workplace Salary Deduction Donors

Thanks to all those individuals who make regular periodic donations, as well as ANU, St Clare's Waverley and Maria Serratore for organizing staff donations in their workplace.
